

Welcome to DGI Byen – Precautions related to Covid-19

DGI Byen protects the safety and health of our guests and staff. Therefore, we carefully adhere to the authorities' recommendations and guidelines regarding the Covid-19 situation.

- Upon arrival, our hosts will introduce our guidelines for a safe meeting space.
- We inform with the recognizable posters from the National Board of Health to remind us all of the appropriate conduct when we are many together.
- We make sure that you can keep the recommended distance by new floor plans, reduced maximum numbers and by dividing guests from separate meetings.
- We mark the floor at junctions where queues may occur.
- We have introduced new cleaning procedures. All meeting rooms will as usual be cleaned before your meeting. Additional, all surfaces in lounges and lobbies, for instance door handles, handrails, reception desk, powder rooms, card terminals, remote controls, elevator buttons and pens will be disinfected several times daily.
- We serve all meals individually wrapped at the meeting room. Be aware, viruses do not transmit through food.
- Hand spray are available at all rooms and entrances.

As we assume our responsibility, we ask you as a guest to assume your responsibility too by:

- Stay home if you are ill or have been in contact with a person infected with Covid-19. Leave immediately if you experience symptoms of illness while you are here. The same goes for our staff, of course.
- Do not visit DGI Byen if you belong to one of the Covid-19 risk groups.
- Protect yourself and others by following the authorities' recommendations for hygiene and conduct in groups.
- Help ensure that your meeting is closed and that meeting participants do not mingle with other guests in the house.

If you have any additional questions, please contact us at 3329 8060 or visit our web site for ongoing updates regarding the reopening.
